Can We Talk?

It's sometimes hard to keep up with old friends or make new ones as we age. Wouldn't it be nice to receive a call once in a while?

With CJE's Friendly Caller program we match you up, according to your preferences, with someone who wants to call you to make a friendly connection.

We pair a volunteer friendly caller from the community with you and together you can decide how often you will talk.

Friendly callers are terrific because ...

• They listen.
• They can make you smile and laugh.
• You can learn and share something together.
• They can help connect you to other CJE resources.
• They can become lifelong friends.
• Research shows that friends are good for your health.

Let us help you connect with a new friend!

For information and to apply for this program, call CJE SeniorLife at 773.508.1000.

This program is funded by the Jewish Federation of Metropolitan Chicago Fund for Innovation in Health Program.
